

## Strategic Targets

### Target 1

## STAKEHOLDER ENGAGEMENT

We have a role to play by engaging with each of our stakeholders, we recognise the power of partnering, collaboration and mutual support. Our stakeholder engagement, allows us to holistically contribute to improving the wellbeing for our clients and their families.

We deliberately foster relationships with stakeholders, who have a similar ethics and values to our corporation. We engage with each of them, coming from an understanding of reciprocated respect, shared co-operation and mutually beneficial outcomes

*The strategies we need to aid us in meeting this target are:*

- ✓ Establish robust networks so we can call upon suitable support when challenges extend beyond our scope
- ✓ Ensure we have appropriate networks to contribute to and influence policy discussions with government
- ✓ Develop strong relationships with other like-minded organisations so that FORWAARD can exhibit best practice models of operation
- ✓ Understand the needs of the community through engagement and consultation to ensure our programs and services are relevant for our clients
- ✓ Engage with regional and remote stakeholders with a view of expanding territory-wide
- ✓ Review our roots and re-establish connections with the communities itinerant people
- ✓ Enhance the FORWAARD brand, to ensure relevance in our community
- ✓ Develop and manage our electronic and social interface with the community
